Hi, I am Richard Jr. Obroh, a programmer and Serial Entrepreneur and author of **Tellit's Novice to Pro: Instagram for Business** and I am going to quickly go over this mouth-watering offer. Let's get down to business

TELLIT's Novice to Pro: Instagram for Business

What it does for you:

- It introduces you to Instagram as a business tool to help promote your brand and give your business more visibility which ultimately leads to sales through consistency and proper understanding of Instagram.
- This book also shows you how to grow your Instagram followers organically through proven easy to perform actions that many brand influencers have used and are still using. Even if you are a first year student and don't have any business of your own to promote, you can apply the Instagram page growth tactics explained in this book to make money. There are thousands of people on Instagram who get paid between 30k and 60k monthly to grow business pages using the same method.
- If you have never heard of these two words "Target Audience" or have but never fully grasped what it meant and how it relates to your business, This book will put your worries to rest and you will finally understand why the so much emphasis on those two words.
- A whole chapter is dedicated to show you how you can get valuable information about your followers on Instagram that you can use to promote your business.

What is the benefit to you?

- ✓ You can join over 1.1 billion people who use Instagram every month. 500 million people use Instagram every day. My question is, how many of these people currently know your brand?? What about your existing customers? Are they on Instagram? What are they searching for on Instagram? Still want to know how the knowledge in this book is of benefit to you? Let's see some statistics
- ✓ 3. 71% of Instagram users (40,810,000) around the globe are under the age of 35
- ✓ Users like 4.2 billion posts per day, still think Instagram is just a photo sharing app? Think again!! It's time to take the proper step to set up shop on the streets of Instagram.

What value does it add to your business?

1. 60% of users (that's 600+ million people) seek out and discover new products on Instagram, being able to establish a direct communication channel between your brand and potential clients on Instagram gives you an edge, especially when the people who are looking for your product begin to discover them.
2. There are 25 million business profiles on Instagram, with over 200 million users visiting at least one business profile every day. From homemade bread to cooking spices, make up and accessories to hair, wigs and hair extensions. More reach, means more exposure for your brand.
3. 80% of users follow at least one business, if your business is not harvesting from this, building a community around your business sure adds value to our brand, better still, this community is willing to buy and try out new products

Why should you buy the book?

1. If you have a business and you haven't tried marketing on Instagram, this book will help you get started with step by step graphical examples you can follow.
2. If you want to make extra money helping businesses package their brands online, this book will show you how to setup an Instagram business account and how you can grow the page following.
3. Learn how the professionals post on Instagram and use the same method to create amazing posts for your business.
